Dear Mr. Hurlin,

The Mahindra North American Technical Center is writing to request a memorandum of exemption for one model year 2019, Mahindra & Mahindra Ltd. Z101 prototype vehicle that we wish to import from India and to facilitate our

Ex. 4 CBI

Exemption Duration

The duration of the requested exemption is to run through May 2020.

Purpose of Importation

Testing, Evaluation, and Benchmarking

The vehicle will be used for research and testing to evaluate

Ex. 4 CBI

Ex. 4 CBI

Mileage Accumulation

We estimate that the total mileage accumulated on the vehicle will be less than 5,000 miles. The vehicle will not be driven upon public roads. It may accumulate mileage in closed laboratory and test lab settings.

Vehicle Access and Control

Vehicle Access

Use of the vehicle will be strictly limited to authorized testers. Vehicle logs will be maintained and available for review upon request.

Vehicle Control

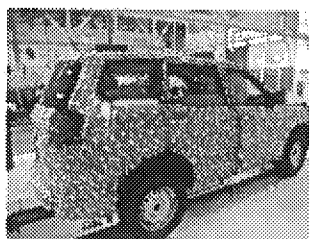

The vehicle will be held by Mahindra North American Technical Center in our facility located at 275 Rex Blvd, Auburn Hills, Michigan 48326. The vehicle will be under the control and supervision of the vehicle manager and all access will be strictly controlled.

Vehicle disposition at completion of test period

At the end of the testing period, the vehicle will be exported or destroyed.
